

## US + ADR Standard File Specification

### Introduction

The US + ADR Standard File contains data on each stock that is present in the Ford US + ADR Universe of stocks on the date represented by the file name. The files are named FERCOMyyyymmdd.csv (where yyyymmdd represents the date the file was created). The file is in .csv format, so all fields are delimited by a comma and text fields are surrounded by quotes. Values in the database that are not available are represented by a null field.
